MOUNTAIN BIKING WITH DEMPSEY BUSES SHUTTLE SERVICES

OHAKUNE OLD COACH ROAD | GRADE 2

This is a family friendly ride starting at Horopito and ending in Ohakune (can be done in reverse but is more of a descent doing it this way) this is a journey back in time as it follows a historical track originally used for horse drawn carriages it takes in some amazing sights including the awesome Hapuawheau Viaduct.

OHAKUNE MOUNTAIN ROAD

Starting at 1600 metres at the Turoa skifield car park this is a decent of over 1000 meters in a distance of 16 kilometres, the journey takes you from the tussock and scoria of the upper mountain with its spectacular views out over the surrounding countryside down through the beautiful bush on the lower reaches of the mountain, maybe stop and have a look at the water fall and cave used during the filming of the Hobbit or a walk into the scenic Waitonga Falls.

BRIDGE TO NOWHERE/MANGAPURUA TRACK | GRADE 3

This forms part of the Mountains to Sea ride and takes you through the Whanganui National Park, you will ride along sheer bluffs through abandoned farm land that is reverting back to native forest and across the famous Bridge To Nowhere and on to the Whanganui River for an exhilarating jet boat ride down to Pipiriki.
